## TUGAS KELOMPOK

Kelompok kami menggunakan loop do-while

Untuk menginput password

```
int password = 123;  
do {  
    System.out.println("\nMasukkan Password Anda: ");  
    password = sc.nextInt();
```

```
    }else {  
        System.out.println("\nPassword Yang Anda Masukkan Salah\nSilahkan Ma  
    }  
}while(true);|
```
